

New Jersey Astronomical Association

Space & Science @ Spruce Run 2026

Friday, May 22nd, 2026 | 9:00 PM – 11:30 PM

Located on the lawn at the end of the Boat Launch Area. Weather permitting

Join the New Jersey Astronomical Association for a night under the stars at the Spruce Run Boat Launch! Our experienced members will have telescopes set up and ready for you to explore the wonders of the night sky, from nebulae to distant galaxies. Whether you're a seasoned stargazer or curious about what's above, this is a great opportunity to see the universe up close and learn from passionate astronomers. Astronomers will be available to answer your questions about the cosmos, and you can even touch a piece of the moon. This event is FREE to everyone! Bring your curiosity and enjoy a stellar evening by the water. www.njaa.org
